In-App Purchases

Theory Test Bangla Premium

Saved

Your first in-app purchase must be submitted with a new app version. Create your in-app purchase, then select it from the app's In-App Purchases and Subscriptions section on the version page before submitting the version to App Review.

Once your binary has been uploaded and your first-in app purchase has been submitted for review, additional in-app purchases can be submitted from the In-App Purchases section. Learn More

Offer Codes

You can create offer codes to distribute free or discounted offers for your in-app purchases in your iOS, macOS, and visionOS apps. You can generate and download one-time use codes in App Store Connect, or define your own memorable custom codes that can be redeemed by multiple customers. One-time use sandbox codes are also available for testing. Customers can redeem codes through a link, on the App Store, or within your app if you've implemented the necessary StoreKit API. You can create offer codes for up to 10 active offers at a time. Learn More

Create Offer

App Store Localization

The localized display name for your in-app purchase will appear on the App Store. The localized description will appear on the App Store if you make your in-app purchase available for promotion. Learn More

LOCALIZATIONS	DISPLAY NAME	DESCRIPTION	STATUS ?
